# DESIGN REQUEST

**FILL IN THIS FORM ONLY IF APPLICABLE.**

If you don't have a clue about what your artwork should look like, we can design a label for you upon request. Please fill in this form and send it together with the quotation request to [marketing@signal-bg.com](mailto:marketing@signal-bg.com)

## DESIGN SPECIFICATIONS

What are you going to apply the label on? Describe the product.

Do you have existing corporate identity you would like to apply? For example - Logo, Colours, Typography, Pictures or anything else that forms the visual representation of your company.

Do you have specific text you would like to include in the design, for example product information, care icons, some other specifications etc.?

Additional Comments

What style describes best the design you wish to have? Please fill in the chart below.

A little    Somehow    A lot

**Elegant**  
**Playful**  
**Traditional**

## SECTION 4 - Production Time & Delivery

We work with no minimum order requirements, however the price depends on the quantity of your order. After you place an order, for most of our items we have up to 5 business days production time. We deliver everywhere in the world and we are using the most competitive on price/efficiency couriers.

### Delivery Options

Once you have placed an order, we will calculate the delivery costs for you. The price depends on the location, the size and the weight of the parcel. The calculated price will be included in your proforma invoice. We use good discounts for the couriers we work with such as UPS, DPD, DHL, TNT, however we could use any courier suggested from you.

### Shipping Time

We deliver to any place in the world. Some places have longer transit time than others. And [here](#) we have listed the time zones and the approximate time that you have to allow for shipment to your country.

## SECTION 5 - Artwork & Design

We have experienced graphic designers who are well-acquainted with all the latest trends and design innovations. They will help you, whether you need your artwork done from scratch or you just need to refresh an old design and add a professional touch to it. We have simplified the process for your convenience.

Please see our recommendations below before sending your enquiries and files for printing.

### OPTION 1 - IF YOU HAVE A READY DESIGN, YOU NEED TO CONSIDER THE FOLLOWING:

**Graphic File:** Ideally, your artwork would come in an editable format including all the vector and picture elements. That could be a Corel Draw, Illustrator, Indesign or Pdf file. Your pictures resolution should always be minimum 200 dpi in order to maintain the high quality of the print.

**Fonts:** If the texts in your editable file are not converted to vectors, please embed all the fonts used in the file or include the font files so that we can preserve the visual appearance of your graphics.

If you don't have the original work file or fonts, we can recreate your design from a high resolution picture. In this case an additional charge may apply.

**Dimensions:** All artwork is to be supplied in the actual size when possible or the required dimensions need to be specified.

**Colours:** In order to reproduce the desired colours accurately, please provide a colour code from one of the following formula guides: Pantone Fashion, Home + Interiors (TPX or TPG), Pantone+ Solid Coated, Pantone+ Solid Uncoated.

If you don't have any colour reference, we can reproduce your colour from a physical sample using a spectrophotometer. In case you don't have a physical sample we can recommend the closest print colour from a screen but you should note something. We work with professional graphic design monitors, which have a great color reproduction area. Please, be aware of the fact that if you choose a color on a regular monitor, there is a chance that we see it differently here.

### OPTION 2 - IF YOU REQUIRE A DESIGN FROM US

If you don't have a clue about what your artwork should look like, we can design a label for you upon request. Some charges may apply according to the individual request. Please fill in the design request form in addition and send it together with the quotation form to [marketing@signal-bg.com](mailto:marketing@signal-bg.com).
